- Tianjin, China

LV

Low Voltage Motors in asynchronous, reluctance, and permanent magnet technology. Helping customers achieve the highest efficiency, reliability, and performance in their operations.

HV

High Voltage Motors and Medium Voltage Drives that outperform global standards in industrial applications. Enabling customers to master demanding megatrends in key industries with speed, precision, and trust.

SYSO

Systems and Solutions for electrification, automation, and digitalization. Supporting customers in boosting productivity and sustainability through best-in-class technology and expertise.

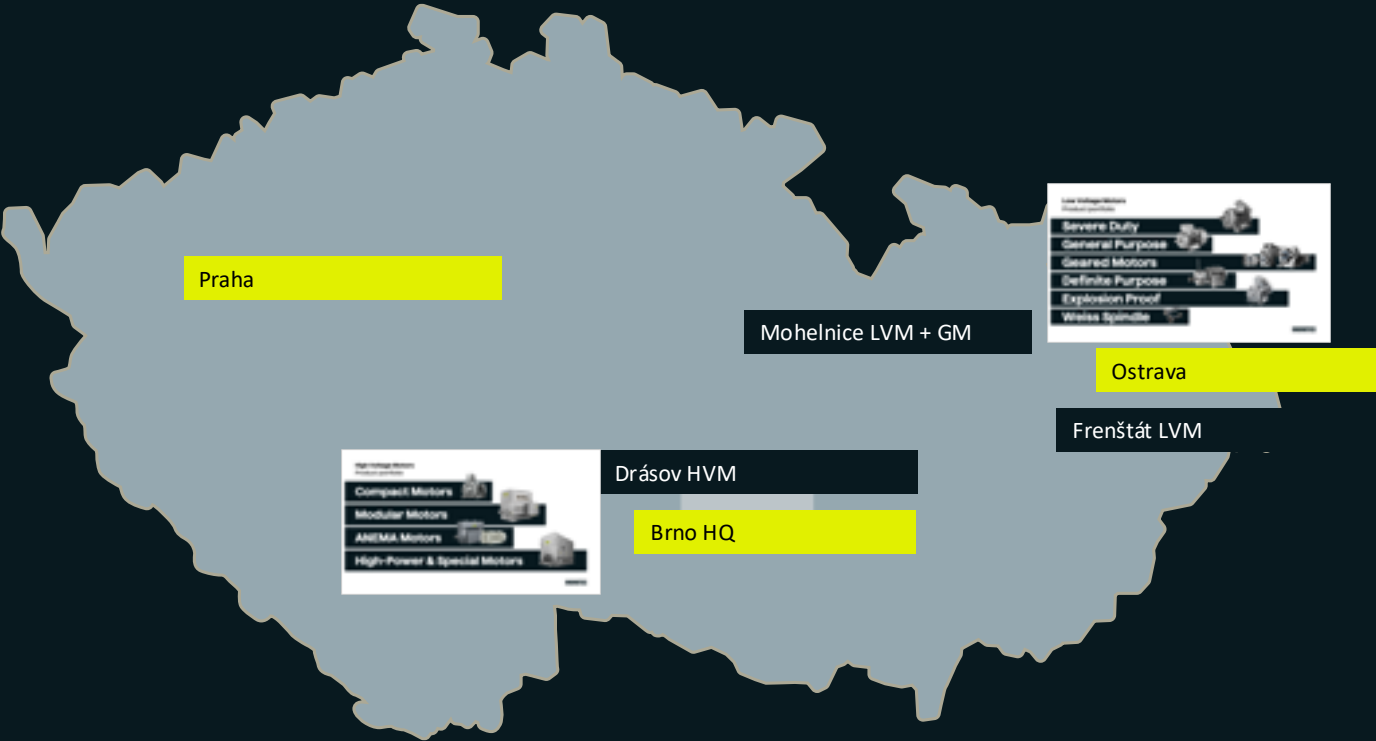

CS

Customer Services delivering industry-leading expertise and digital solutions. Ensuring maximum availability, reliability, and lifecycle value of customers' assets worldwide.

INNOMOTICS s.r.o. Czech republic

Facts

3 Manufacturing plants
Own Development center in Ostrava and factories
Sales department in Prague, Ostrava and Brno
3800 employees
15 billion CZK turnover

INNOMOTICS

Site Facts - Mohelnice

Where are our motors used?

Main Applications of Low-voltage motors
Frame Size 63-200mm
Output 0.05 - 51 kW

- ✓ Pumps
- ✓ Compressors
- ✓ Ventilation Systems
- ✓ Geared Motors
- ✓ Cranes
- ✓ Packaging Machines
- ✓ Processing Machines
- ✓ Transport Systems

- **Explosion-Proof Motors**
Chemical industry, Oil and Gas, Mining
- **Smoke Extraction Motors**
Construction building
- **Marine Motors**
Ship building
- **Built-In Motors**
for OEM Partners
- **Roller Table Motors**
Iron and Steel industry

Founded:

1904

Employees:

~ 1530

No. of motors

530.000 pcs + 120.000 components

Area:

307.000 m²

Products:

LV motors FS's: 63-200 mm up to 50kW

Turnover:

5.5 billion CZK

TICS

Site Facts - Frenštát

Founded: 1946

Employees: ~ 1170

No. of motors 60.000 pcs

Area: 114.000 m²

Products: Low voltage motors up to 500 kW (FS 225-355 mm)

Turnover: 4.8 billion CZK

INNOMOTICS

Site Facts - Drásov

Founded:

1913

Employees:

~ 750

Area:

44.000 m²

Products:

High voltage motors
and generators up to
35MVA and 13,8kV

Turnover:

2.8 billion CZK

INNOMOTICS

Pillars of corporate responsibility

Education

- apprenticeship schemes
- technical training
- professional growth of our employees
- student office

Social area

- Innomotics Helps fund
- sheltered workshop
- we employ convicts from Mírov prison
- employee engagement

Environment

- we conform to the most stringent requirements
- projects to cut emissions
- own waste collection centre

**Continuously
redefining reliable
motion for a
better tomorrow.**

We are producing motors and generator SAFE , with PASSION and with

Nobody is perfect, but a team can be!
