Blockchain leads to a reduction in carbon footprint

- Reducing unnecessary paper use
- Unique credibility of this processes can replaces other processes

The law of the filing and archiving is an opportunity for the implementation of the blockchain technology

Regulation 261/2021 Coll.

Transitional provisions of Act No. 499/2004 Coll., On Archiving and the file service

It is time
to start
thinking
blockchain.

How to start?

- ✓ Create a team of people who will share experience and information with us to identify to opportunity in using blockchain
- ✓ We will set the frameworks of the pilot project and help with the implementation
- ✓ Based on the results, we will create a blockchain strategy

**The blockchain ensures trust in
e-documents**

Thank you for your attention.
